## Possess a Degree Qualification in Early Childhood Education

The Bachelor in Early Childhood Education (Hons) programme aims to provide professional development opportunities for prospective preschool teachers to possess a degree qualification. Specifically, the programme equips students with the knowledge, skills and competencies for them to work in industries that involve children such as preschools, childcare and development centres, children enrichment centre, children play centres, theme parks and so on.

At UNITAR, apart from physical learning in the lecture hall or online learning, students are also given the opportunity to do activities in the simulation room that provide a real experience of early childhood education. Apart from final examinations, students will be assessed on a value-based project that will include individual or group fieldwork to provide students with real-life experience in the early childhood education industry.
